CHANNEL TRACK

A new Lighting Control System that permits fast lighting level entry and recording. Digital entry key pads provide instantaneous control of all functions.

Up to 1000 cues for each channel may be stored and activated in any sequence. Unlimited submaster capability permits random assignment of channel groups for fast level control

ELLIPSOIDALS The industry standard of performance for throws of from 14 ft. to 140 ft. With lifetime shutters, trouble free operation, rapid tool free lamp alignment, die cast durability and the best performance in the world.

MINI-ELLIPSE The best performance buy you'll ever get. It out-performs everything in its class and it is competitively priced.

6" THEATRE FRESNEL Another performance value superb coverage in either flood or spot focus. Available in a wide range of incandescent and tungsten-halogen long life lamps.

COLORSPOT 2 With its unique optical projection mirror system is a performance plus followspot. Colorspot 2 delivers 1000 lux at 49 meters and comes with built-in iris, douser, curtain shutters and a 6 color boomerange.
