

Thornlite for reputation, reliability and great performance.

Thornlite 120 is the latest addition to our world famous range of stage and TV lighting control systems.

Small in size, microprocessor based, it's a big performer with 120 channels, unlimited memory capacity and an exceptional range of control facilities including recorded fade times. It's compact, light and ideal for touring.

For the big user there's the Thornlite 500. The most powerful and flexible system in the world with up to 500 channels and a host of special options.
