

**Modern Schools Demand the Safety,
Convenience and Efficiency of
FA ELECTRICAL PRODUCTS!**

Maplewood, Mo., High School completely equipped with FA products including Modified Type Pre-selective Stage Control Switchboard with auto transformer dimmers. William B. Ittner, Inc., architects and engineers.

That is why more and more architects and engineers specify "Frank Adam." These authorities have found from experience that FA is a mark of Quality—that FA products are not only dependable and long-lasting, but they measure up to the highest standards of safety, convenience and efficiency—and they are economical, too!

Frank Adam's prestige in light and power distribution equipment is not restricted to schools and other institutions. In commerce and industry, FA products are serving a big need—and serving it well—as evidenced by many outstanding installations in all parts of the country.

For safe, dependable, Quality products insist on this Trade Mark FA.

For over 58 years, Frank Adam has specialized in Stage Lighting Control Systems for theaters and auditoriums. The FA Stage Switchboard illustrated, with auto-transformer dimmers, has been found ideal for school and college auditoriums, and small theaters.
