## NOTES

This drawing is for the sole purpose of conveying the designers artistic wishes to the supplier and should not be considered an engineering drawing. Please consult with the designer before making any changes no matter how small. Contact the designer if you have any questions what so ever. This drawing does not represent structural or engineering plans. The designer is not qualified to and will not make any decisions regarding the safety condition or repair of any of the equipment used by the suppliers or the way in which it is rigged. As such, the responsibility of the safety of the equipment and the manner in which it is rigged falls to the supplier and not the designer.
