

# QuartzColor

## Hmi

*The QuartzColor range of daylight "Sirio" systems is designed to use HMI lamps, introducing a new era in operational and safety standards for location filming and television outside broadcasts.*

### SIRIO 12KW HMI

Intended for location working, this Fresnel spotlight is the largest discharge lamp designed for location filming. Ballast has dual capability. Cat. No. 3890

### SIRIO 6KW HMI

A Fresnel spotlight with an output equal to 25KW of filtered tungsten light. Cat. No. 3796

### SIRIO 4KW HMI

Fresnel spotlight designed to produce maximum punch. Output approximately that of a 14KW tungsten source. Cat. No. 3790

### SIRIO 2.5KW HMI

A Fresnel spotlight for lighting large areas and balancing strong sunlight. Output equal to 10KW of filtered tungsten light. Cat. No. 3680

### SIRIO 1.2KW HMI

High-intensity, variable-beam Fresnel spotlight. Light output approximately that of a 5KW filtered tungsten source. Cat. No. 3570

### SIRIO 575W HMI

A compact Fresnel spotlight, with twice the light output of a 2KW filtered tungsten source. Ideal for small location and bounce light. Cat. No. 3360

### ARTURO ALZAK 575W HMI

A fill light providing virtually shadowless diffused light to complement the Sirio focusing Fresnel. Cat. No. 4342

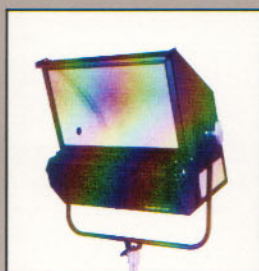

### ARTURO ALZAK 1.2KW HMI

A softlight for location working with diffused lighting and matching daylight color temperatures of the Sirio focusing Fresnels. Cat. No. 4343

### ARTURO ALZAK 2.5KW HMI

A fill light with virtually shadowless diffused lighting with daylight color temperature, matching the Sirio focusing Fresnels. Cat. No. 4346

### ARTURO MATT BIANCO 575W HMI

A fill light providing a softer shadow definition than standard units. Uses matt white reflector. Cat. No. 4362

### ARTURO MATT BIANCO 1.2KW HMI

A softlight using a new matt white reflector design that is heat resistant, without discoloration. Cat. No. 4363

### ARTURO MATT BIANCO 2.5KW HMI

This softlight produces a softer shadow definition than standard units, matching color temperatures of Sirio HMIs. Cat. No. 4366

### SHAULA 575W HMI

A compact open-faced floodlight designed for small locations and for bounce lighting to boost general illumination. 5600° Kelvin. Cat. No. 4530

# Fresnel

*Efficient, soft-edged beam with excellent barn-dooring characteristics for high-performance situations on stage and on location.*

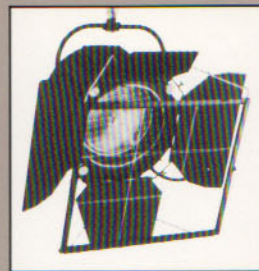

## POLARIS 1KW

A compact Fresnel spotlight available in manual or pole-operated version. Cat. No. 3301

## CASTOR 2KW

These Fresnel spotlights are suitable for interior and exterior use. Manual or pole-operated versions available. Cat. No. 3501

## POLLUX 5KW

A Fresnel spotlight suitable for interior and exterior use. Manual or pole-operated versions available. Cat. No. 3601

## VEGA 10KW

Compact lightweight Fresnel spotlight available in manual or pole-operated version. Cat. No. 3701

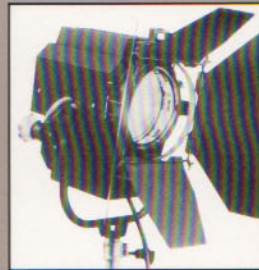

## MIZAR 200/500W

The smallest Fresnel spotlight in the QuartzColor range, and particularly suited to lighting detail, miniatures and special effects. Available as a 200W or 500W version. Cat. Nos. 3101 or 3102

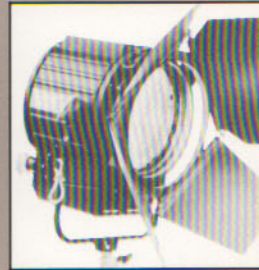

## BAMBINO 1KW MANUAL

A Fresnel spotlight designed for location working in situations where space is restricted. Cat. No. 3201

## BAMBINO 2KW

Designed specifically for location use, this Fresnel spotlight is available in manual or pole-operated versions. Cat. No. 3302

## BAMBINO 5KW

Fresnel spotlights specifically designed for interior and exterior locations. Manual or pole-operated. Cat. No. 3505

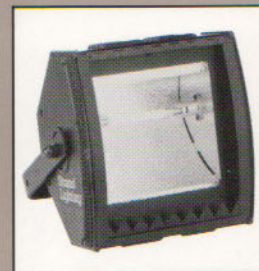

# Cyclorama

*Lighting units, with a complete range of accessories, using linear sources that provide smooth, shadowless illumination.*

## IADI SET 1KW

Designed for lighting backdrops or cycloramas from the top, the bottom, or both. Cat. No. 5925

## CODA

Available in 1, 3 or 4 units for smooth and shadowless illumination. A product of STRAND LIGHTING. Cat. Nos. 5801/3/4

## IRIS CYCLORAMA LIGHTING SYSTEM

An efficient, economical and versatile unit for lighting cycloramas and backgrounds. In one through four configurations. Cat. Nos. 5911/12/13/14

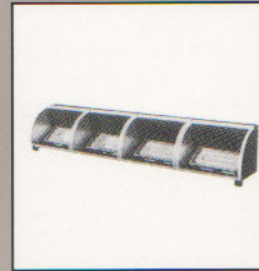

## MINI IRIS

Designed for TV presentation suites, ENG locations, audio visual and still studios. Extremely compact. Cat. No. 5915

## ORION 1 CYCLORAMA GROUNDROW

Replaces single-compartment Pallas. Utilizes new reflector design. Cat. No. 5940

## ORION 4 CYCLORAMA GROUNDROW (RIGID)

A four-compartment unit, new reflector design. For daisy chain wiring up to 5KW per circuit. Cat. No. 5944SP

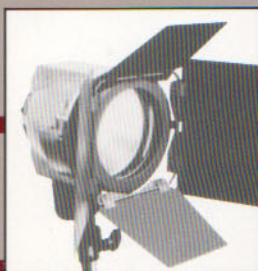

## ORION 4 CYCLORAMA GROUNDROW (HINGED)

Complements standard Orion 4 on curved cycs. Cat. No. 5934SP

# Floodlights

*Luminaires and a wide choice of lightweight portable kits that complement the inventory of all lighting professionals.*

## PULSAR 600W

Variable-beam, open-faced floodlight with fiberglass lamphead. Ideal as fill light or for lighting set detail. Cat. No. 4515

## IANEBEAM 650W

A variable-beam, open-faced floodlight. Globes down to 400W. Cat. No. 4501

## IANEBEAM 1KW

A variable-beam, open-faced floodlight. Cat. No. 4503

## IANEBEAM 2KW

A compact high-intensity variable-beam, open-faced floodlight, ideal for ENG and outside locations. Cat. No. 4505

## BROAD 1/1.5KW

A lightweight floodlight providing a wide-angled, even fill light, ideal for concealment on the set. Cat. No. 4520

## ARTURO ALZAK 1/1.5KW

Softlight designed for small studios or as a location fill light. Manual or pole-operated. Cat. No. 4322

## ARTURO ALZAK 2/3KW

A variable-power softlight producing indirect illumination. Manual or pole-operated versions available. Cat. No. 4323

## ARTURO ALZAK 4/6KW

A dual-power indirect softlight available in manual or pole-operated versions. Cat. No. 4326

## ARTURO MATT BIANCO 1/1.5KW

Softlight designed for small studios, special matt white reflector, giving soft shadow definition. Manual or pole-operated. Cat. No. 4352

## ARTURO MATT BIANCO 2/3KW

Dual-power softlight, producing soft shadow definition, manual or pole-operated. Matt white reflector. Cat. No. 4353

## ARTURO MATT BIANCO 4/6KW

Dual-power softlight. Matt white reflectors will not discolor with heat or age. Manual or pole-operated. Cat. No. 4356

## IADI FILL 1KW

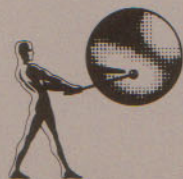

A lightweight, compact fill light. Full range of accessories. Will down-globe to 750 or 500W. Cat. No. 4522

## LIGHTWEIGHT KITS

This is just one of the superb, cased kits especially created for the cinematographer or photographer who is on the move. There are 10 varied kits to choose from. Cat. No. 1061 (illustrated)

*Full price list and specification sheets available on request.*
