

# Strand's new Premiere system - Commanding greater flexibility in architectural lighting control.

Strand's revolutionary Premiere system makes even the most complex combination of lighting scenes simple to achieve and easy for users to recall. So your creativity need never be compromised by technology.

Premiere is a PC configured system with a menu driven program, giving the designer total flexibility.

● Premiere allows you to define or redefine pushbutton or slider controls to perform any of over 50 functions.

- A possible 4096 different lighting scenes can be recorded across 32 different areas.
- Select from a range of 40 stylish control stations whose functions can be changed manually or automatically.
- Premiere controls up to 512 dimmers.
- Design information once transferred to Premiere's system processor can be accessed from control stations linked by a common data highway.

To find out more about the exciting possibilities offered by Premiere, call Strand today, or complete and return the coupon.
