

# Strand Lighting at the new Swan Theatre

Subtle, creative lighting . . . dramatic effects . . . whatever the text demands for Royal Shakespeare Company productions, Strand Galaxy lighting memory controls are available to provide it!

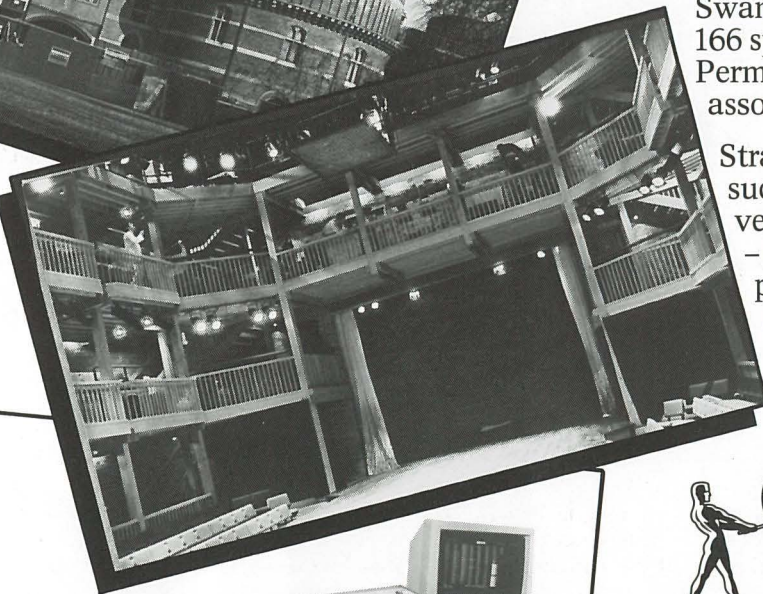

Like the Royal Shakespeare Theatre, Stratford-upon-Avon, and the RSC Barbican Theatre, London, the new Swan Theatre at Stratford-upon-Avon is also equipped with Galaxy. This 200th installation of Galaxy is a 288-channel Galaxy 2 Arena system, fully customised by utilising modular units from a wide range of available facilities. Also supplied for the Swan by Strand Lighting were 166 spotlights, 12 compact Permuss dimmer racks and associated equipment.

Strand Lighting wish all success to the RSC's new venture at the Swan Theatre - to be a centre for the production of works by Shakespeare's contemporaries.

*Stratford-upon-Avon, February 1986.*  
*The Swan Theatre,*

*Interior of the  
Swan Theatre.*

*Galaxy 2 Arena.*
