

# VOYAGER

*8.5 million beam candlepower in spot  
2.5 million beam candlepower in flood*

*The lamp is Osram's 400 watt HTI with 70 lumens per watt, 5600°K, 250 hours life in a focused glass dichroic coated reflector.*

*Special features include a precision made space age technology ballbearing slide for accurate and smooth lens movement from spot to flood and a solid state, instant restrike ballast and igniter package that is lightweight, reliable and proven.*

*See the stars with the Voyager, at your nearest Altman Dealer or contact Altman Stage Lighting Co., Inc., 57 Alexander Street, Yonkers NY 10701. Telephone: 914-476-7987 or 212-569-7777.*

*What's in a name...Everything when it's Altman.*

**ALTMAN STAGE LIGHTING CO., INC.**
