

Guess Which Major Event Uses Strong Spotlights?

- A. Rolling Stones '89 Tour**
- B. The Toronto Sky-Dome Opening**
- C. The French Bicentennial Celebration – Paris**

If you picked "A", you're right. If you picked "B", you're also right. If you picked "C" ... right again. The fact is, producers and lighting directors responsible for important events, regardless of how large or how small, pick the light universally known as the standard of the industry.

Performers even ask for Strong in their contracts because they know that quality and dependability are built in to every spotlight we make. Solid construction. Flat, even, edge-to-edge briteness. An incredible beam of light. For 40 years now, we've been the spotlight that all others are measured against.

Over 50 Strong Gladiators (above and right) were used at the spectacular Toronto Sky-Dome Grand Opening.
