

Studio Fresnels

1000W/2000W/5000W Quartz Halogen

Strand Quartzcolor's STUDIO Fresnels were developed specifically for use in Film and Television applications. The unique features of the range are designed to meet the most demanding criteria of cinematographers, directors of photography, gaffers, and lighting directors. Designed to work with the popular Bambino range the Studio Fresnels are easy to maintain and share a common range of parts and accessories.

- Available in manual and pole operated versions
- Improved light quality and output, producing a flatter and more even field
- High quality, rugged, durable
- Corrosion resistant for longer life, stainless steel and die cast aluminum
- Bonding eyes and rigging hooks on larger units
- Front and rear focusing on larger units
- New worm drive mechanism for precise focusing
- New focus system, easy to adapt from manual to pole operation and maintenance free
- All Studio Fresnels are CE, UL and cUL listed for world wide use

Note: Pole operation is available on all models.
