

## FLOOD METAL HALIDE

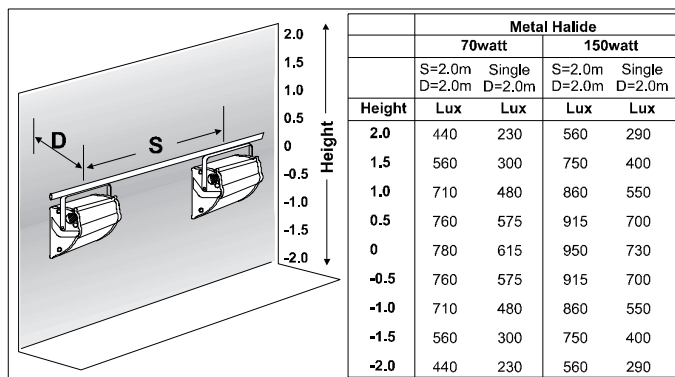

The Astral Metal halide Floods use the efficient 70 watt or 150 watt double ended metal halide lamp. The powerful well controlled beam which can be shaped with the four fitted barndoors is ideal for display and high level illumination. Constructed of injection moulded rynite plastic and aluminium extrusion. The Astral Flood offers efficiency, strength and performance.

### FEATURES

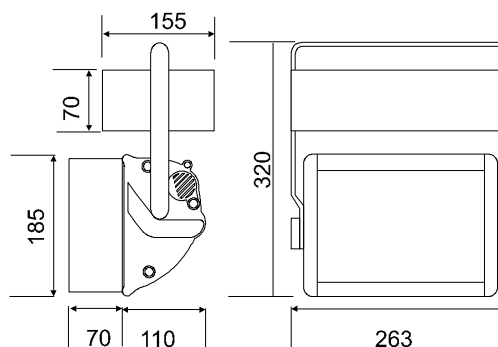

- Smooth and well controlled light output.
- Choice of light source: 70 watt or 150 watt metal halide available in a choice of colour temperatures.
- High quality Vossloh Schwabe control gear.
- 4 barndoor flaps fitted to shape the beam.
- All aluminium extrusion and plastic injection moulding construction.
- Easy and safe access for relamping and maintenance with hinged safety glass.
- Can be fitted with universal three circuit track adapter.
- Compliant to CE standards.

### PHOTOMETRIC DATA

Metal Halide tests conducted using a standard double ended 240 volt, Metal Halide 70 watt and 150 watt lamp.

### PHYSICAL DATA

Weight: 70 watt:3.9Kg 150 watt: 5.2Kg

Included: 4x masking flaps, 1 x safety glass, instruction sheet

Current consumption:

70 w: < 0.6amps to strike, < 0.5amps to run

150w: < 1.2amps to strike, < 0.96amps to run

### ORDER CODES & ACCESSORIES

Astral Flood 70w M. H. Black	SA-AFLDMH70B
Astral Flood 70w M. H. White	SA-AFLDMH70W
Astral Flood 70w M. H. Grey	SA-AFLDMH70G
Astral Flood 150w M. H. Black	SA-AFLDMH150B
Astral Flood 150w M. H. White	SA-AFLDMH150W
Astral Flood 150w M. H. Grey	SA-AFLDMH150G
3 circuit track adapter - black	SAA - TRAB
3 circuit track adapter - white	SAA - TRAW

**NOTE: If you are planning to use your Astral Flood with a colour cassette, please specify so at time of order, as they are NOT retro-fittable.**
