Dear Mr. Bentham,

Mr. Applebee has instructed me to send the enclosed copy to you of the Dimmer Bank and Console for the Theatre Royal, Drury Lane.

As you are probably aware we have now received instructions to go ahead and before ordering the Console from Comptons we would like your confirmation that the enclosed schedule is correct.

Certain alterations have been made in that the Upper Circle Spots have now been reduced to ten which are being taken from the existing banks on the First Tier, and 3 Special Effects Contactors have been added.

Would you please also let us know whether Comptons are to deliver to Head office or the Works.

Yours faithfully,

F.W. MARTIN.
