FSHD1-2

FSHD1-2 is a single channel dimmer rated at 2Kwatt. Housed in strong sheet steel case it can be fixed to a follow spot stand using the bracket type TB1. Alternatively it can be used as a houselight dimmer and wall fixing brackets are also available. It can be either locally controlled, using the rotary knob on the front of the case, or remotely controlled, using a CDH-1 hand held controller.

Mains input and dimmer output terminals are accessible via a removable terminal cover plate.

SPECIFICATION

Dimensions: Width 174mm, Height 232mm, Depth 65mm overall.

Electrical: 240V 1 Phase 50Hz 2Kwatt.

Weight: 2.5Kgs.

Power input and output connection via DIN Terminal Rail.

Conduit Entries: 2 x 20mm

SCENE 1

SC1

SCENE 1 is an electronic dimmer housed in a substantial metal case, fitted with a strong clamp for attachment to telescopic stand. An alternative wall mounting bracket is available. Please specify requirement when ordering.

The two outlet sockets can be coupled via selector switches to the single channel internal 2Kw electronic dimmer. The sockets are separately fused and can, with the aid of the switches, be paired or controlled independently by the dimmer. The maximum load per socket is 1000 watts and the unit is supplied with a 3 metre cable and 13A safety plug.

SPECIFICATION

Electrical: 240 volts, 1 phase, 50 Hz, 2000 watts.

Dimensions: Width 170mm, Height 208mm, Depth 90mm.

Weight: 2Kgs.

Typical combinations of spotlights may be:

(a) 2-1000 watt spotlights—one per socket.

(b) 2-500 watt spotlights—one per socket.

(c) 4-500 watt spotlights—two per socket using adaptor cables.

By means of adaptor cables, combinations of smaller wattage lamps may be used, providing that the maximum rating of 1000 watts per socket is not exceeded.

Optional outlet socket on 1 metre flying leads.

(A) 6A CEE22

(B) 5A 3 pin shuttered

See price list for details.

SCENE 4

SC4

SCENE 4 is a four channel dimmer fitted with integral faders and an overall MASTER fader. It is housed in a strong metal case having a clamp for attachment to a telescopic stand. It can also be wall mounted or used on a table or desk.

One outlet socket type CEE22 is fitted for each channel and each channel is independently fused. The maximum load per socket is 650 watt.

Optional remote control is available using a CDH4-1 WALK ABOUT hand held controller. Multiples of SC4's can be linked to larger desks. See price list for details of control cables required. Scene 4 comes complete with 3 metres mains cable and 13A plug.

SPECIFICATION

Electrical: 240V 1 Phase 50Hz 2.6Kwatt.

Dimensions: Width 180mm, Height 250mm, Depth 93mm.

Weight: 2.5Kgs.

SCENE 6

SC6

SCENE 6 is a six channel dimmer rack with integral independent channel faders and an overall MASTER fader. A selector switch situated on the front panel enables the use of any ELTEC control desk or hand held controller when remote control is required.

Two versions are available:

SCENE 6-13-5 6 channels, each rated at 1300 watts. One 5 Amp shuttered outlet socket per channel is provided.

SCENE 6-2-15 6 channels, each rated at 2 Kw. One 15 Amp shuttered outlet socket per channel is provided.

See Price List for details of control cables required for remote operation.

SPECIFICATION

Electrical: 240V 1 Phase 50 Hz.

Total Load: SC6-5

7.8Kw (1.3 Kw per channel)

SC6-15

12Kw (2Kw per channel)

Dimensions: Width 605mm, Height 180mm, Depth 130mm.

Weight: 8.5Kgs.
