

STRAND FILTERS

COLOUR FILTERS AND COLOUR CHANGERS

The standard 25-sheet pack with carrying handle protects filters in transit, and also acts as useful storage container afterwards for cut filters. Rolls are packed in polythene sleeves and colour-coded for easy identification of filter type.

STRAND CHROMOID COLOUR FILTERS

Top quality range for high temperature conditions. Also recommended where routine filter replacement is difficult.

Made in body-dyed polycarbonate.

All filters conform to stringent safety standards BS 3944:1965.

Roll 15.24m x 0.61m (50' x 2') **312 0006/xxxx**

Sheet 0.61m x 0.55m (24" x 21") **312 0008/xxxx**

Pack of 25 sheets **312 0000/xxxx**

Ordering Information

To order a roll, sheet, or pack of 25 sheets of Chromoid, specify the appropriate order code, and add the colour number as a suffix.

101	Yellow	136	Light Lavender	176	Light Salmon Pink
102	Light Amber	137	Lavender	178	Salmon
103	Straw	140	Night Blue	180	Red Silk
106	Primary Red	141	Brilliant Blue	181	Blue Silk
108	Rose Tint	144	Azure Blue	182	Green Silk
110	Middle Rose	145	Daylight Blue	183	Amber Silk
111	Rose	146	Chrome Yellow	84	Tough Silk
112	Deep Rose	149	Canary	85	Matt Silk
113	Magenta	150	Pale Yellow	86	Warm Blue
114	Ruby	151	Lime Yellow	87	Nile Blue
115	Peacock Blue	152	Pale Gold	88	Deep Lilac
116	Blue Green	154	Pale Rose	89	Lavender Tint
117	Steel Blue	157	Pink	90	Pink Tint
119	Primary Dark Blue	158	Deep Orange	91	Middle Blue
121	Pea Green	159	No Colour Straw	92	Caspian Blue
122	Moss Green	161	Slate Blue	93	Blue
123	Light Green	162	Turquoise	94	Western Green
124	Primary Dark Green	163	Surprise Blue	95	Scarlet
126	Mauve	164	Medium Red	96	Medium Purple
127	Smokey Pink	167	Steel Tint	97	Light Golden Amber
130	Clear	170	Lavender Blue	98	Pale Golden Amber

COLOUR CHANGE UNITS

REMOTE OPERATED 5-COLOUR CHANGE WHEEL

23 868 40

The rim driven Colour Change Wheel has five colour apertures any of which can be remotely selected to stop in front of the lens of a spotlight.

24 Volt AC extra-low voltage, rim drive motor. Backplate fits Quartet/Cantata/Prelude spotlights

Five Strand Filters colours (Nos, 404, 411, 441, 436, 452) are fitted to above.

Adaptor to fit Hilite 23 Architectural Spotlight **23 868 25**

REMOTE CONTROL BOXES 220/240V AC INPUT

24 volt output, for five positions or continuous control from thumbwheel switch for each colour wheel. 6 and 4-unit boxes have presetting facilities with internally lit switches.

2-unit 240/24V control box, for 2 wheels **23 891 02**

4-unit 240/24V control box, for 4 wheels **23 892 08**

6-unit 240/24V control box, for 6 wheels **23 893 03**

SEMAPHORE 4-COLOUR CHANGE UNIT

These motor driven, random-access Semaphore Colour Change Units have four semaphore frames. Any one, or more, can be remotely selected at the associated control box to travel in front of the lens of a spotlight.

Small 24V AC semaphore 4-colour change unit to fit Cantata range (will also fit Harmony and other old Strand 1000W luminaires by removal of adaptor plate). **23 781 00**

Adaptor to fit existing colour change unit to Cantata **23 868 35**

Large 24V AC Semaphore 4-colour change unit to fit Cadenza range (will also fit old Strand 2000W luminaires by removal of adaptor plate). **23 881 05**

Adaptor to fit existing colour change unit to Cadenza **23 857 06**

SEMAPHORE REMOTE CONTROL BOX

220/240V AC input, 24V output for random access selection of any one or more colour frames, or open white by 5 heavy duty latching pushes for each semaphore change unit.

6-unit control box, for 6 semaphore units **23 888 03**

6-unit semaphore, slave control box **23 888 11**

Semaphore control boxes can be used with illuminated pushes. If required the lamps should be ordered separately. Set of five 24V lamps, for illuminating pushes in semaphore control box (6 sets needed per box) **27 859 02**
