

Lighting control: Now there's a soft option...

Strand's GSX™ console announces a new era in lighting control, offering you the flexibility to choose and upgrade your console software via the integral 3.5" disk drive. Simply select one of the Genius™ foundation applications for 25, 50, 75, 100 or 125 channels, giving full professional functionality, then add Kaleidoscope™ for advanced effects and colour scroller control, and Communiqué™ adding MIDI, Midi Show Control, DMX in, RS-232 control and more. So when the time comes to add features or channels, you won't have to replace your desk - just upgrade your software. It's brilliant!
